Hi Maddy,
Thank you for the message and speaking with me on Friday. Just getting back to you on potential dates for this meeting. When we spoke last week you mentioned that the week of July 10th looked possible for getting on the Administrator's calendar. That week should work for our participants as well and I believe July 12 and 13th might be the best days. Can you please provide me with potential time slots on those days so we can look to firm up the date/time? Thanks again.

Appreciate your help!

Subject: Meeting Request from Aerospace Industry Companies

Hi Ryan and Mandy,

Just wanted to followup with you both from the meetings of April 27 and May 8. Ryan you will recall that at the end of the superfund coalition meeting with Mr. Pruitt I discussed coming in to have a separate meeting with you to review some aviation specific issues. I also had a chance to meet with Mandy and Samantha (and Brittany too) on May 8 to review some Boeing issues and we also discussed getting together again. At this point, we think it would be productive to have a joint meeting with you both to discuss issues unique to the aerospace industry and include representatives from another company as well. In addition to myself and Ted Austell, Boeing's VP for Executive, Legislative and Regulatory Affairs we would also like to include a couple of our counterparts from General Electric who specialize in aviation issues – most likely Neal Kemkar and Roger Martella (cc:d here). In addition to discussing the state of the aviation industry and specific environmental policy positions, we would also like to explore the potential for a meeting with Administrator Pruitt that focuses on aerospace industry manufacturers. We think a meeting with you would provide the necessary information you will need to discuss a future meeting request with the Administrator as well as give us guidance on having a productive discussion. Please let us know when would be a convenient time to meet with you. Also let me know if you have questions or need additional information regarding this request. Thank you in advance for your assistance.

My name is Cheryl Woodward and I will assist you in the logistics for your meeting at EPA on Wednesday, June 28 at 9:30 am. The instructions/directions to EPA is below and if you have any questions please contact me. Send me the attendee's list Wednesday, June 21st if possible. If you have edits you can send me later. Look forward to seeing you all.

Directions: If you come by Metro, the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators from the train otherwise two escalators then do a small U-Turn to the left heading toward 12th street, the South Lobby entrance is directly and immediately to your right (Glass Doors -EPA Signified on Glass).

EPA address is 1200 Pennsylvania Avenue, NW. If you are coming by taxi/vehicle, you want to be dropped off on 12th NW, **which is between Pennsylvania and Constitution Avenue**. It is almost exactly half way between the two avenues on with Federal Triangle Metro sign and Trump Hotel Towers side entrance can be used as a landmark. From 12th Street, facing the building with the EPA and American flags, walk toward the building (under the flags) and take the glass door on your left hand side with the escalators going down to the metro on your left. This again will be the **South Lobby of the William Jefferson Clinton building**.

Once inside the building, security will prompt you to scan all items such as bags, coats etc., and then let the guards know that you were instructed to call Cheryl Woodward at 564-1274 or Michelle Hale at 564-1430 to escort you to the meeting with the Administrator. Security will make temporary cards for everyone. Allow for 15 minutes to get through the process.

Subject: Administrator Pruitt Meeting schedule request

Ryan/Millan: Good morning, hope that all is well with you. My President and CEO Jack Gerard would like to schedule a meeting with Administrator Pruitt to follow up on several items the Administrator touched on in his remarks to API's Board meeting in March as well as ongoing regulatory activities. Our hope is to schedule this 40 minute meeting at the Administrator's earliest in town availability.

I have copied Susan Tackish, Mr. Gerard's Executive Assistant on this email. She manages his schedule/calendar and can facilitate scheduling the meeting.

Thanks in advance for your assistance.

Khary

Hi Mr. Reamy,

Just wanted to follow up on our phone call earlier this week. Would it be possible to look at doing the tour Wednesday afternoon? We are trying to fit a couple of visits around Oklahoma, just trying to make everything work!

Appreciate your help!

Best,
Maddy

Hi Mr. Reamy,

I'm Administrator Pruitt's scheduler over here at the EPA. And he mentioned that you (or someone over at Phillip 66) have invited him to come and tour a chemical facility of yours in Oklahoma. I was hoping to get more details on the visit, and hopefully get the ball rolling.

I appreciate your help and look forward to working with you!

Best,
Maddy

Thanks. I sent a note earlier forwarding the note from Forrest which suggested a 2-230 walk though. The start time is flexible we just need to know if we should modify the agenda to accommodate the time that EPA plans to be at the site. Many thanks and please advise.

Jeff,

We will get this info to you asap. My colleague, Forrest, who is copied on this email will actually be the one doing the site advance. He will be there on Tuesday with an agent. I will allow him to coordinate a time on Tuesday that will work for you both but early afternoon will likely be a good time.

Have a wonderful weekend.

Phillips 66 R&D facility is a CFATS facility. As part of our requirements we need to have the names of visitors ahead of a visit, and prior to them entering the facility. Can you send us sometime prior to our tour next Wednesday, the names of

EPA visitors? It will also be helpful to know what time the advance team is planning to come, and to have their names in advance of their arrival, so we do have to delay any of your work, or the tour.

Many thanks and have an enjoyable weekend.
